THE SUDDEN CHANGES OF TEMPERATURE, together with the searching winds which are now so common, are causing severe Colds to prevail everywhere, and laying the foundations for many cases of Inflammation of the Lungs, Pleurisy, Asthma, and other Lung Disorders. Prudent people should now take especial precautions to avoid ary expeaure, and if unfortunate enough to contract Colds, would do well to resort at once to Dr. Jayne's Expectorant, a safe and reliable remedy, which will not only promptly cure Cooghs and Colds, but will relieve and strengthen the Pulmonary and Bronchial organs, and remove all dangerous symptoms. Sold everywhere.

SPREAD THE FAMILY BOARD WITH LUXURIES .- We might cite the authorities by the dozen, to show that Irish Moss or Carrageen (from which the celebrated SEA Moss FARINE is made) has long been considered a valuable species of nourishment for the sick-light, digestible, anti-febrile, restorative, and fattening. This is what eminent men have said of Irish Moss as it was—only half purified, and comparatively unconcentrated. The new article (See Moss Farine)—which, by the magic of science, has suddenly sprung, pure and perfected, from an old matrix, like Minerva from the bed of Jove-takes a far wider range. To us it is to reduce the expense of living, to spread the family board with luxuries costing less than common fare, and largely to increase that variety in food which is said to be essential to health. It is quickly pre-pared (ten minutes sufficing to produce a custard or pudding), and we think no one who has once become acquainted with its properties will be likely to ever abandon it as an article of diet.

ROCKHILL & WILSON are doing more business than any ether Clothing House in the city, and at less than half the expense of some other Houses, which enables them to undersell all others. FROM THE DOMINION.

The Fenian Excitement - Movements on the Frentier.

Toronto, May 25.—Considerable excitement still exists in regard to the Fenian raid, but the Government appears to be well advised of all movements and fully prepared for any attempts at invasion. The volunteer forces are prepared to move if required.

The Queen's birthday was celebrated yesterday as a general holiday throughout the

MONTREAL, May 25 .- Further news received confirms the belief that the Fenians have determined on a movement on the Eastern frontier. A large number of men were assembled and parading close to the lines. They had pickets on patrol a mile from Pigeon Hill at noon, and shortly before that a special train arrived at Potsdam Junction with two hundred and fifty armed Fenians on their way to St. Albans to move on St. Armand's Centre through Pigeon

The Fenians are also said to have cut the telegraph wires at White Hall, and the latest report is that they have actually crossed the frontier in

In view of the information received by the Covernment since morning, instructions have been sent to General Lindsay to take active steps for the defense of the frontier. A considerable force left here at 4.30 o'clock yesterday after-

OTTAWA, May 25 .- The United States Government has one hundred and fifty regular troops on their way to Ogdensburg. Four hundred Fenians were left behind to-day at Rome for want of accommodation. Fifty men of garrison artiliery and two guns of field artillery leave this afternoon for Prescott.

PRESCOTT, May 25 .- A large force of volunteers, including artillery, is under arms here. OGDENSBURG, May 25 .- It is reported that the Fenians contemplate an attack on Cornwall, Canada.

### FROM NEW ENGLAND.

American Tract Society-Northeast Branch. Boston, May 25.—The financial exhibit of the New England Branch of the American Tract Society shows that the total receipts for the year were \$37,360. Twelve colporteurs made 19,700 family visits with a view to religious conversion and prayer and circulation of religious works, and there have been gratuitous distributions of 3,159,000 pages through almost every channel of benevolence and in various languages. At the public meeting of the society last evening addresses were made by Rev. John Cotton Smith, D. D., of New York; Rev. Henry M. Parsens, of Springfield; Rev. John Todd, D. D., of Pittsfield, and Rev. Dr. Gulick, missionary to the Sandwich Islands.

## CONGRESS.

Continued from the Second Edition.

Continued from the Second Edition.

Mr. Bayard said, instead of preventing discriminations at the poils on account of race, color, etc., as was the intent of the fifteenth amendment, the bill was in every particular an offensive discrimination against whites in lawer of blacks. It was to be a criminal offense to hinder a negro voter, but the same bindrance might be practised with impunity against the white voter.

The candidate who should lose his offers by denial of soff age to white men could have no remedy. All refersives was reserved for the denial of the rights of colored voters. It sheld that the bill was never intended to enforce the fitteenth amendment, but was another violent attempt to boister up by statute the inferior capacities of the agree race in a scheme of political equality. It was a premedivated engine for the destruction of State governments, sweeping into the grasp of Federal power all the bolice powers of the State, which practical experience has demonstrated as the best safeguards against election frauds. The bill required the use of State officers for Federal purposes in defiance of judicial decisions to the contrary, and would create awarms of sub-officials to feed upon the substance of the country. Almost every section gave fees to pettifogging atterneys and unscrupulous men for stimulating itugation. The bill was principally intended fees to pettifogging att.raeys and unscrupilous men for stimulating itigation. The bill was principally intended for the South, but the people of the North would have to pay dear for the sport in the support of multitudes of un-necessary officials.

Continued from Second Edition.

Le showed from the report of the Senate Committee that the land grant would cover 47,20,000 acres, which at the average of ten dollars an acre, including town and city lots, would amount to \$473,00,000,000, that it in its power to lengthen the branch road, the land grant might really be extended so as to cover 75,000,000 acres. He hoped that the revolution would be defeated, where the first it was for the interest of the country that it should be defeated. In any event the grant was too large when it was mar's. If the company did not choose to take the grant subject to the restrictions of his amendment, the grant should be allewed to lapse and if a future subsidy were to be granted, it should be not in lands but in money, the proceeds of the lands as sold by the Government.

Mr. Sargent supported the amendment of Mr. Hawley, though he thought it did not go far enough. He trought that Congress ought to provide that, until the lands were surveyed, the sattler should be comidered to be in possessism under the Pre-emption laws, no matter when the grant was made to the railroad company.

Amondments were offered by Mr. Sargent and by Mr. Welker to protect the rights and interests of actual settlers, and by Mr. Randall to exclude the conclusion of a guarantee by the United States Government of the bonds of the company.

Mr. Clarke (Kansas) complained that there were persons within the hall whe were not entitled to the privileges of the floor.

The Speaker said it was the duty of the doorkeeper to exclude all such persons, and asked Mr. Clarke to point out any person whom he device to have excluded.

Mr. Clarke remarked that he supposed it to be the duty of officers of the House to enforce its raise.

The Speaker replied that it was the duty of the doorkeeper, not of the Chair, to clearly the floor.

Mr. Clarke proceeded to address the House in oppedition to the bill. O ntinued from Second Edition.

DR. GALLAGHER'S CELEBRATED **VEGETABLE PILE CURE** 

Is a quick, safe, sure, and effectual Remedy for BLEED-ING, BLIND, OR ITCHING PILES, PRO-LAPSUS ANI OR FALLING OF THE RECTUM, CONSTIPATION OF THE BOWELS, ETC.

The application and use of this remedy, as well as its effects, are quite different from all others heretofore prescribed for the above-named diseases. Its principal virtues are derived from its internal use. regulating the Liver and Kidneys, and imparting health and vigor to the whole alimentary canal. It is specific in its action, completely controlling the circulation of the blood in the hemorrhoidal vessels.

# CAUSES OF THE DISEASE.

The causes of these complaints are numerous, and are undoubtedly in many instances hereditary; but a sedentary and studious habit, luxurious living, highseasoned and stimulating food, the intemperate use of spirituous drinks, the very free use of strong coffee and tea, mental depression, sorrow, and grief; in short, whatever tends to weaken the digestive organs may be considered the most active general

The afflicted can rely with the utmost confidence in this medicine, because the great success that it has met with since its introduction is a sure indication of its real value. For inward and outward applications, if used as directed, it cannot fail to give the fullest satisfaction.
